SOLUÇÕES EM AÇO

— QUEM SOMOS —

Fundada em 1981, a FERTEL nasceu com perfil industrial ao ser idealizada inicialmente como uma fábrica de pregos. Ao longo dos anos ganhou credibilidade no mercado e desde então só cresceu, inclusive nos anos de crise e recessão no Brasil.

Estrategicamente localizada na cidade de Guapimirim, fica equidistante dos grandes centros consumidores do estado do Rio de Janeiro, facilitando e agilizando assim sua logística. A FERTEL é uma distribuidora de produtos siderúrgicos, prezando pelo bom atendimento e respeito aos clientes e fornecedores. Instalada em galpões numa área total de 10.000 M2 possui várias pontes rolantes, modernas instalações industriais, comerciais e administrativas, sempre procurando inovar e se adequar ao que o mercado necessita.

Com uma frota própria de caminhões, departamento de vendas atuante e pronta entrega de produtos, a visão da empresa para os próximos anos é a de continuar avançando cada vez mais, para que nossos clientes estejam sempre satisfeitos e continuem sendo nossa melhor conquista.
